Electric Irons

For several years we have handled the Pelouse, and it is a dandy. There is such a demand for them that we have had trouble in getting our orders filled promptly. We have several sizes and can give you any thing from the ordinary family size up to the big Tailor's Goose.

Have you seen the little electric stoves, toasters and waterheaters made by the same people? They are the best in the line and will interest you.

CHILDREN KEPT FROM STREETS; RATH FINDS WAY

Palama Settlement Recreation Clubs Solve Vexing Problem of Years

Palama Settlement workers have completed preparations for their summer program of work and have entered upon a systematic campaign in the district which they claim will solve the problem of many years' duration as to how to keep the children off the streets in the summer.

In order to occupy the minds of the several hundred children living in the neighborhood of the settlement who have nothing to do, now that school has closed for the summer, a number of Recreation Clubs have been formed by the settlement workers and are made up entirely of children in the neighborhood.

Both sexes are provided for in the new club arrangement. The children are divided by ages, and games are played under the supervision of one of the workers who makes no attempt to join in but stands by to see that everything is conducted in a spirit of fair play.

At present there are six of these recreation clubs: three composed of boys and three of girls. They are divided according to ages into Seniors, Juniors and Midgets, and the divisions play games accordingly. The recreation field is used for the purpose and every day since the arrangement has been perfected, the field has been thronged with joyous children.

It is planned to subdivide these clubs into smaller groups as the present division is too large and makes the groups hard to handle. According to those interested, each division will be subdivided again so as to make each club number about ten members.

There were one hundred and forty-two children on the recreation field yesterday, according to James A. Rath, and the number is increasing daily.

"This shows," he said, "that the solution to the street-corner problem is to give the children something better to do. We have done this with the Recreation Club plan and shall continue the system until school opens in September."

Work of moving the office-building of the Settlement began yesterday morning and in a few days it will be moved back far enough to warrant the breaking of ground for the new Settlement house, which will be ready for occupancy by September.

GROWS HAIR ON BALD HEADS

Bald-Headed People May Get a New Chance in Life.

In these days when youth is the moving factor in business, when a man makes his mark at thirty-five and is ready to retire at forty-five, when business houses pension the man we call "middle aged" rather than allow his lagging influence to intrude upon the commercial rush, a bald head is almost fatal to any man's hopes. The following must therefore prove interesting to people who are losing their hair or who are bald.

Resorcin is one of the latest and most effective germ killers discovered by science, and in connection with Beta Naphthol, which is both germicidal and antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and also creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpin is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. Yet it is not a coloring matter or dye. This combination of curatives mixed with alcohol as a stimulant perfects a most effective remedy for hair and scalp troubles.

The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol, and Pilocarpin. It helps to make the scalp healthy, to nourish the hair, to stimulate the follicles. Where the hair is already bare, it enters the follicles, revitalizes the roots, supplies nourishment, and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic, on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads, except, of course, where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "93" Hair Tonic, and we have the right to assume that what it has done to hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Remember, you can get Rexall Remedies in this community only at our store—The Rexall Store. Benson, Smith & Co., Ltd., Fort and Hotel streets.

PUNCHBOWL LANDS.

Only twenty-five Hawaiians and a dozen Portuguese, the majority women, attended the meeting called by Delegate Kalaniana'ole to consider the government plan of disposing of the Punchbowl lands. Remarks were made by Kalaniana'ole and John F. Colburn, manager of the Kapiolani Estate, whose lease on the tract is ex-

piring, offering to take up a fight in the courts for the people if a majority of them were dissatisfied. The meeting is said to have proved a fiasco, nobody having any real grievance to present. According to Acting Governor Mott-Smith, a fight in the courts would be liable to cause a loss of all preference rights that have been granted to the present tenants, when they would have to meet competition for their lots in a sale at public auction.

AN OPEN SECRET.

Many ask the reason for the continued and increasing demand for Chamberlain's Colic, Cholera and Diarrhoea Remedy. The secret is that it never fails to give relief. The middle-aged men of today remember it as the remedy given them by their mothers for cramp colic and dysentery when they were children and its reputation as a positive cure for such ailments is still maintained. No remedy has ever been produced that is its equal for the prompt relief of pain. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

Even a cat has too much sense to cry over spilled milk.

A woman doesn't think her toilet is complete unless she has a dab of powder on her nose.

But the majority of young people who are engaged are not insane—even if they do act that way.

Give a woman a hairpin and she is prepared to open almost any door from a conservation to a department store.
